“In summary, the China Know-How Summer School 2017 was a unique experience, where I had many new experiences, got to know people and gained a good insight into the exciting country of China. Personally, I enjoyed it a lot and I'm sure that I'll benefit from it in my professional future. Xiè xie!...“

A. S., Vienna University of Economics and Business

“Both the organization and the support were excellent [...]. The complete course of the "Summer School" ran absolutely smoothly. As a particularly enriching experience, I would like to stress the possibility to be able to have contact with the students on site, and above all, the discussions with these students helped me a lot to gain a better understanding of their worlds.”

U. T., Alpen-Adria University
“I can only recommend everyone to attend the summer school. You learn a lot about China, about yourself and also the fun part is also not missed out. I would do it immediately again! ”

E. K., University of Salzburg

“We had a great program mix. Both, guest lectures and company visits, as well as the sightseeing tours were well organized. Making the summer school was certainly one of the best decisions I made and I would like recommend participating to everyone. ”

T. S., University of Salzburg

The China Know-How Summer School is definitely a great way to get to know China more intensively and to get a taste of another culture. It can be also seen as a great opportunity to personally develop meet new people over the summer and.

J. E., University of Salzburg
“[…] Finally, I would like to say that I am glad to have participated. I made new friends, had four incredible weeks in an extremely exciting and dynamic country, was able to personally develop and learned a lot about China.”

S. J., University of Applied Sciences Upper Austria
