

JOINT DEGREE BACHELOR INGENIEURWISSENSCHAFTEN

Kooperation zwischen Paris-Lodron Universität Salzburg (PLUS) und der Technischen Universität München (TUM)

JOINT DEGREE MASTER MATERIALWISSENSCHAFTEN

Kooperation zwischen Paris-Lodron Universität Salzburg (PLUS) und der Technischen Universität München (TUM)

INTERNATIONAL MASTER „CHEMISTRY AND PHYSICS OF MATERIALS“

Seit dem Studienjahr 2014/15 an der PLUS.

The CPM Master of Science program is an English-based curriculum. It is research orientated and is three semesters in length. A balanced mix of required core courses and elective modules provides a flexible and individualized curriculum. The first two semesters introduce a number of modern methods of synthesis, processing, and characterization of functional materials. The third semester is dedicated to the Master's thesis research work.

Fachbereich Chemie
und Physik der Materialien
